

# OPPORTUNITY TO HONOR

## BRANSON MEMORIAL VETERANS GARDEN ENHANCEMENT

**Opportunity:** In honor of our nation's 250th anniversary — and the brave men and women who selflessly served to protect our freedoms — the Branson Veterans Memorial Garden is preparing to unveil a powerful new historic feature. *We invite you to become a partner in bringing this meaningful tribute to life.*

**Our goal:** Complete this special enhancement by Memorial Day 2026, in time to commemorate America's 250th birthday in a way that honors the courage, sacrifice, and patriotism of our veterans.

**Project History:** Since 1949, a magnificent 9-foot, five-point star shone across Lake Taneycomo as part of Branson's beloved historic adoration scene. When a tornado damaged the display, this cherished symbol could have been lost. Instead, the Branson Christmas Coalition restored the star in 2022, preserving a treasured piece of our community's history. It was proudly displayed at the Branson Centennial Museum for several years — and now, it is ready for its next chapter. That chapter begins in the Veterans Memorial Garden.

**Enhancements:** To properly install and illuminate this historic star as a lasting tribute, the following enhancements are required:

- Landscaping
- Underground electrical
- Fabrication, powder coating, and professional installation of the star and arbor/sign.
- A new programmable RGB lighting system
- Commemorative signage

The Board has secured detailed estimates, and we are actively seeking partners to help make this vision a reality.
